**Chapter 1 by -**

**Please write only one sentence of one way the narrator dies. (I had to write 2 to get in all 9...)**

**Life 1:**

I was walking down the street and then I saw a car swerve on the ice and hit me; I died for the first time.

**Life 2:**

After a night at the hospital, I went out to meet my mom, but as I jaywalked across the street, an airplane fell out of the sky right on top of me; I died once again.

**Chapter 2 by -**

**\*Remember, only ONE way the narrator dies!!\***

I was at the beach with my friends. I swam out farther than the rest, and a shark tore me to pieces...

**Chapter 3 by -**

I was playing Star Wars with my friends. We were fighting each other. They energized just as we were going at each other.

That is how it happened in my death.

**Chapter 4 by -**

Well, it was a stupid dare to begin with. I was dared to lay across railroad tracks until a train came. But I got caught on there...

Ya, so my fifth life ended idiotically and illegally.

**Chapter 5 by Cat4055**

I learned that stormtroopers can shoot if they try, the hard way.

I died learning that anything is possible.

**Chapter 6 by Saba lordanishvili**

I saw a bright blue light and felt a burning pain in my chest, firmly pressed against the rod. I was dead in less than a second.

I guess you don't get superpowers from getting struck by a lightning.

**Chapter 7 by jaiiy**

This world had no gravity, and so I lost my sixth getting sucked up a floating vaccum.

Another reason proving chores are **not** needed.

**Chapter 8 by thelastunicorn**

Well, as you could tell by the eight deaths already, I am a cat; I ended my ninth life getting run over by a car while trying to catch a squirrel.

**the end**
